- ✓ Compact and modern design.
- ✓ 15" screen.
- ✓ Capacitive Touchscreen.
- ✓ Supports front water splashes.
- ✓ Wide viewing angle.
- ✓ Solution ideal for high traffic.
- ✓ Specifically designed for wall mounting.
- ✓ Flexibility for kiosk assemblies.

### DESCRIPTION

SAT POS Solutions designed exclusively to fit your needs. Streamline, optimize, and effectively renew your processes, providing the experience your employees need and your customers desire.

We have designed our **SAT 1053FPH** monitors to provide the perfect combination of elegance, versatility, and reliability for your business (24/7 operation).

The **1053FPH** monitors feature 15-inch Capacitive Touchscreens (4:3) with a resolution of 1024 x 768, a screen lifespan of 50,000 hours, and Multi-Touch functionality with 3 points of touch. The edge-to-edge glass design is built to withstand water splashes and is easy to clean. With an IP54 rating, it can handle industrial environments. The monitor also comes with a removable base and supports VESA mounting of 75x75.

The SAT 1053FPH monitors are designed to provide the ideal compact experience with their 15-inch (4:3) screen size.

The monitors are built with edge-to-edge glass to withstand front water splashes, providing protection against dust.

The monitors have an industrial-grade touch screen with 24/7 operation, capacitive technology, a resolution of 1024 x 768, and support for 3-point multitouch. They are designed to withstand 500,000 touches.

Multiple mounting options - Countertop and wall mount. Removable stand for easy installation. Ideal for kiosk implementation.

Flexibilidad de instalación. Ideal para soluciones de punto venta de facturación POS (Supermercados, Bancos, etc).
